Knee and Hip Class

All patients will attend the joint replacement class (knee or hip) before their surgery; this class lasts approximately 1.5 hours and is held at Rex Hospital. The class is a great opportunity to ask questions and learn more about what to expect before and after your upcoming surgery. When attending the class please bring along the person who will participate in your care and any paperwork you have received regarding your upcoming surgery. The dates and times of these classes are listed at
